Subject: RE: Drug lab mtg

Hi Bridget, I've spoken to the staff here at the Drug Lab and here some of the concerns as the consolidation of the DPH staff to State Police takes place.

1) Will seniority be transferred over immediately or will there be a 1 year wait before we get seniority back?

2) Does seniority have an impact when it comes to work location assignments or is that strictly a management prerogative?

3) What is the status of the plan to create a Forensic Scientist position?

4) I believe the lab folks

at the State Police lab work a 40 hour workweek. If this is true, several adjustments will have to be made to our accrued vacation and sick time.

5) Can the Union contact legislators from Boston, and from Western Mass, to insure that both of these regions will maintain a regional drug testing lab to accommodate the local police departments. It seems that both labs (Amherst and Boston) have been assured they will remain open at their current locations at least until July 2013.

6) Finally and most important, what is the status of the Pino legislation. I think people are confused about what can and cant be done to them if we are considered employees at will.

Call me if you need any information. Thanks
Chuck S

Subject: Drug lab mtg

Hi all

Joe would like to get everyone together on Friday, Feb 3rd. Ann has a morning mtg and suggested 2:30pm. Does 2:30 work for everyone?

Thank you.

Bridget
